

FUNDRAISING WITH PETRI

PETRI's current fundraising project is a cookie dough drive. Members will be baking delicious homemade cookie dough and selling it to community members. The project will be advertised by the members across social media and through flyers. The dough will be produced in a safe and clean environment to prevent the spread of COVID-19. **All proceeds made during this sale will be directly used to help pay for scholarships for students in Kenya!** If you are interested in placing an order, please visit <https://tinyurl.com/CookiesforPETRI>

Each year, PETRI hosts a large fundraiser called "The Big Event." Although PETRI does small fundraisers year round, the club hosts this event every fall not only as a fundraiser, but as a way to share our mission with the community. On the day of the fundraiser, the girls come and set up the space with traditional Kenyan music, food, decorations, and an auction with items gifted to us from our sponsors in Kenya. The members also make friendship books with photos and letters from all of the students we sponsor, so that our guests can see the impact our organization has on these young girls. With this event, the hope is that people help support PETRI and the students in Kenya.

In addition to the big event, PETRI does many other fundraising events throughout the year. Club members have raised money through bake sales, clothing drives, selling Christmas ornaments, and so much more! **Last year, PETRI members all worked together to run a sanitary pad drive.** Girls sat outside our local grocery stores and collected pads and money donations (which was used to purchase even more pads). The drive was a huge success and **the club collected over 3,000 pads!** The pads were brought on the trip to Kenya, and distributed to all the girls to ensure that they would not have to miss any more school due to their menstrual cycles.
